

FIRE ALARM INSTRUCTION

The alarm is transmitted to the fire department who will come immediately.

If case of fire:

- Help others and try to extinguish if possible
- If possible: call the fire dept. at **tel. 110** and inform where the fire is
- Close windows and doors
- Leave the building immediately
- Wheel chair users: If no help: stay in the room or on the balcony, call the fire department at **tel. 110** and wait for assistance
- Gather by the street outside
- If false alarm: wait for message to return back
- Resetting of central must only be done by the fire brigade

In case of accidental release of alarm:

- Call the fire department tel. **110** and inform about false alarm, even if they already on their way
- Push "Avstill klokke" (alarm off) button on central
- Meet the fire brigade
